

Title		Plan resources to meet anticipated demand for products in food operations			
Ofqual unit ref		J/503/4296			
Level	3	Credit value	2	GLH	8
Learning Outcomes			Assessment Criteria		
The learner will:			The learner can:		
1 Plan resources to meet demand			1.1 Develop a plan that allocates appropriate resources to undertake all work activities needed to meet demand 1.2 Allocate personnel with relevant competences to work activities 1.3 Check availability of all tools and equipment required for planned work activities 1.4 Check availability of materials for planned wrapping and labelling operations 1.5 Assess the risks and potential difficulties that may be faced in meeting planned activities 1.6 Use the assessment of risks and potential difficulties to develop a contingency plan 1.7 Check that plans comply with all operational and regulatory requirements 1.8 Check that plans comply with all operational requirements.		
Unit purpose and aim(s)			This unit is designed to assess the skills of learners in the workplace, planning resources to meet anticipated demand for products in food operations. It needs to be assessed on the job. The learner must be able to demonstrate their competent performance consistently over a period of time, to meet all of the assessment criteria. This will be achieved by at least two observations of performance in the workplace, and may be supported by witness testimony and other workplace evidence. Observations must ensure that the learner’s working practice is at commercial speed and in compliance with standard operating procedures. The Improve Assessment Strategy for Proficiency Qualifications in Food and Drink sets out the overarching assessment requirements.
